BIO

NUMBERS

MY VISION

FUTURE-ORIENTED LEARNING

I firmly believe that education has to change fundamentally and that it is up to us to actively participate in this change. This is why we need to break new ground: we have to rethink the role of the teacher, reevaluate the purpose of education in general and challenge the current educational system. To do all this we have to look ahead and move forward instead of reminiscing about the past

WHAT I DO

HEAD OF FUTURE OF LEARNING

✓ Landesmedienzentrum Baden-Württemberg

ENGLISH & FRENCH TEACHER

✓ Land Baden-Württemberg (2008 – 2019)

CONSULTANT: FUTURE-ORIENTED LEARNING

FREELANCE SPEAKER
